THE WATER

The story of Gastein's famous thermal spring water goes back a long way. Rainwater takes 3000 years to drain deep into the earth. Every day millions of litres of this water flow from Bad Gastein's 18 sources, naturally enriched with a light dose of minerals, at temperatures of up to 46°C. This mountainside spa enjoys the benefit of bountiful amounts of these healing, invigorating waters; something other hotels and spas can only dream of.

The magic of natural hot springs

Health is the most precious of things! The powers of Gastein's hot spring water are particularly suitable for revitalising tired cells and harmonising body functions. Tired muscles are relaxed, circulation is stimulated, the guest is able to let go and get in touch with the joys of life once more. Having been enriched with minerals and positively charged over hundreds of years, the thermal water here helps to provide the body with much needed oxygen. Every day this rich and invigorating water flows at different temperatures through the various pools and baths of the complex.

THERMAL SPA BATHS

One of the secrets of the success of the Felsentherme is the fact that we have something for everyone, young or old; for those in need of recuperation as well as for people full of life.

Relaxing hot spring pool

A fantastic indoor pool heated to 32°C, embedded in prehistoric Gastein rock. Relaxation zone, comfortable modern deck chairs and a fantastic panoramic view of Gastein's ski slopes and the High Tauern mountains.

Poolscapes

Two separate pools connected via a waterfall curtain; water massage deck chairs, geyser, water channel, 70m slide, a kids' pool and a magical grotto with a thermal waterfall.

Open air hot springs

Enjoy the hot relaxing bubbling spring waters as you gaze out across the Hohe Tauern mountains.

Sports pool

Enjoy a revitalising swim in thermal source waters in crystal clear mountain air. Perfect training conditions with a water temperature of 24°C surrounded by a breathtaking Gastein mountain panorama.

Fitness zone

This 150m² area has plenty of equipment such as treadmills, exercise bikes, cross-trainers and ergonomic training equipment to add to the option of swimming.

Fresh juice bar & panorama restaurant

Savour fine, refreshing juices and a great place to meet up and replenish your energy levels.

PANORAMA SPA LANDSCAPE

A large sauna complex for every requirement and every desire:

Panorama sauna

Experience the fantastic alpine environment of the High Tauern mountains at first hand or mix with the many skiers on the slopes of the surrounding area.

'Knappensauna'

Relaxed and sociable – one of the great features of our spa and sauna landscape with a sauna oven at the heart of the action.

Steam bath

Extreme humidity, clever lighting effects and a wide range of aromas stimulate the senses.

Infrared cabins & sanarium

Various lighting effects stimulate the senses. The body is caressed by temperatures of 50-70°C. The gentle way to enjoy a sauna!

Salt cave

Built in the style of the ancient Gastein Goldberg mines this steam bath is cut out of the side of the rock and enriched with salty air.

Cave sauna

Enjoy the sauna at the highest point of the mountain spa on our summit sun deck.

Sun deck

Large and sunny naturist area sheltered from undesired spectators at an altitude of 1100m with a view across the Gastein valley. There are two inviting pools at the top to relax and cool down at 25°C and 12°C.

Massage, Cosmetics & Pedicure

Relax and forget the stress and strain of everyday life as you allow yourself to be spoilt from head to toe – facial treatments, massages and foot care.
